

Organisation name: G-Force, s.r.o.

Location: Bratislava, Slovakia (RIS country)

Organisation type: SME

Organisation description: G-Force is a joint-venture programme built together with [Founders Factory](#) - one of the world's leading startup accelerator and venture studio.

G-Force is a pre/seed sustainability investment and acceleration programme helping startups scale globally. Our mission is to help the world reduce global greenhouse gas emissions with technology. We work with early stage companies in green-tech and climate-tech sectors.

We help them fix the basics: refine product/proposition, brand, business model, hiring etc. We prepare them for scale, open the doors to respected investors, large corporate clients and help with global partnerships, media appearances and speaking opportunities at relevant conferences and events.

Current EU-funded projects involvement: consortium partner of [EIT HEI Initiative: Innovation Capacity Building for Higher Education](#)

Interested in calls - Clusters 4, 5 and 6:

- [HORIZON-CL4-2021-TWIN-TRANSITION-01-17](#): Plastic waste as a circular carbon feedstock for industry (IA)
- [HORIZON-CL4-2021-RESILIENCE-01-27](#): Innovation Radar, Tech Due Diligence and Venture Building for strategic Digital and Industrial Technologies (CSA)
- [HORIZON-CL4-2021-DIGITAL-EMERGING-01-09](#): AI, Data and Robotics for the Green Deal (IA)
- [HORIZON-CL4-2021-HUMAN-01-20](#): Piloting a new industry-academia knowledge exchange focussing on companies' needs (CSA)

- HORIZON-CL5-2021-D2-01-14: Accelerating the climate transition in difficult contexts: transition super-labs (pilot)
- HORIZON-CL6-2021-CIRCBIO-01-09: Unlocking the potential of algae for a thriving European blue bioeconomy

Specific skills G-Force can offer for H-EU Cluster 4, 5, 6 calls:

- Develop sustainable business models
- Pilot, validate and demonstrate sustainability-related technology and develop real-life business application models
- Design and carry out the exploitation strategy
- Contribute with market analysis & knowledge
- Dissemination activities
- Create case-study materials and draw recommendations
- Carry out on-going monitoring of EU-funded technology projects (mostly for H-CL4-2021-RES-01-27)
- Create a network of investors interested in tech (mostly for H-CL4-2021-RES-01-27)
- Create tools for investors to evaluate the potential of startups/spin-offs of EU-funded projects - tech due diligence (mostly for H-CL4-2021-RES-01-27)
- Create a venture studio to commercialise further EU-funded ideas at lab-stage (mostly for H-CL4-2021-RES-01-27)
- Contribute to sustainability strategies
- Upskilling students, academia, entrepreneurs
- Provide research & innovation opportunities
- Create Industry-academia knowledge exchange
- Provide internship opportunities at G-Force and startups in its portfolio
- Help in startup creation area
- Other

Project Role: consortium member, business partner

G-FORCE.

HELPING THE PLANET

SUSTAINABILITY

PRE/SEED INVESTMENT PROGRAMME

WE HELP COMPANIES WITH

-  **Fixing the basics:** product & proposition, brand, business model, pricing and more.
-  **Preparing for scale:** automation, hiring, tech stack, digital growth, outsourcing of non-essentials etc.
-  **Securing non-dilutive funding:** grants, innovation support schemes, EU assistance and more.
-  **Opening doors to strategic partnerships,** multinational corporate clients, marketing/distribution/integration/tech partners.
-  **Introductions to world's top VCs and investors for their future investment rounds.**
-  **Influential media coverage and speaking opportunities** at relevant conferences and events.
-  **Unlocking key global markets** and especially the 500 million people EU market.

HOW IT WORKS

- Startups will have access to an intensive bespoke 6-month programme delivered by a team of world-class experts.
- We believe in individual and personalised approach - no batches of companies.
- We are remote-friendly. Physical presence is possible but not required. Companies can join from anywhere in the world, we'll make it work.
- We will also invest 150k EUR in each company in exchange for a small equity stake.
