Webinar : Awareness raising on Cybersecurity - Cluster 3 HorizonEurope Calls

In the framework of the collaboration between **SeREN5** (the HorizonEurope NCPs Network for Cluster 3 research (**Civil Security for Society**) and **Enterprise Europe Network**, we are glad to invite you to take part to the **awareness raising webinar** focused on **cybersecurity** (Destination - Increased Cybersecurity) and the forthcoming calls under Cluster 3.

The webinar will take place before the starting of the meeting sessions planned during the **Virtual Cybersecurity B2B event**

Topics of the B2B event:

- IoT / Cybersecurity of industrial systems
- Cloud security / secure cloud
- Data and hardware security
- Anti-cybercrime
- Threat intelligence / Data leaks detection
- Security of SMEs
- Smart and Safe City

An efficient way to get **insight on the R&I topics** issued by the EC **and exploit B2B opportunities** for setting-up / completing **R&I consortia** with pre-qualified potential partners among the participants from the B2B event.

FOR WHOM:

- SMEs and multinational companies
- Institutional and private purchasers
- Research centers and laboratories
- Investors

WHEN: 19/05/25
Timeslot: 11h00-12h00, Q&A included
Language : English

Participation free of charge BUT registration MANDATORY : you can add the session Webinar when you register for the B2B meetings
