

# Join Horizon Europe Event

European Institute of Innovation and Technology

## EIT Urban Mobility

Mobility for more liveable urban spaces

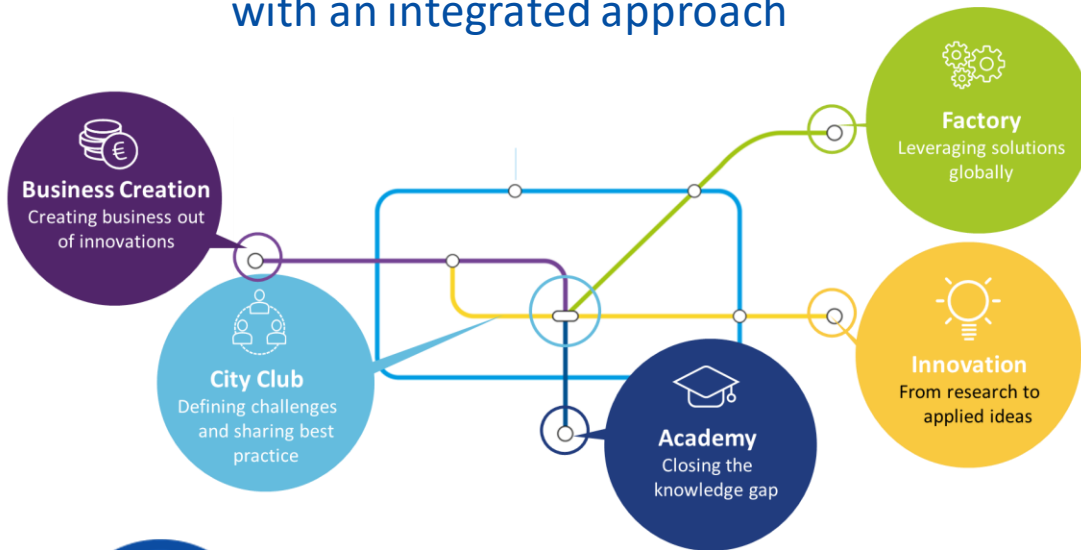

# What is EIT Urban Mobility?

## A European initiative to create liveable urban spaces!

EIT Urban Mobility, supported by the European Institute of Innovation and Technology (EIT), acts to accelerate positive change on mobility to make urban spaces more liveable.

### Approach

Addressing key societal and urban mobility challenges, tackling complexity with an integrated approach

### Vision&Mission

**Accelerate change to sustainable urban mobility and liveable urban spaces**

An innovation community to **educate** and **inspire** mobility solutions for 21<sup>st</sup> century cities.

Funded by the  
European Union

# The EIT Urban Mobility Innovation Hubs

EIT Urban Mobility activities cover the whole European Union and beyond. We have **five Innovation Hubs across Europe** formed along geographical corridors, being the **headquarters in Barcelona, Spain**

---

**Innovation Hub

× Amsterdam

# What we offer?

From research to  
applied ideas

## Innovation

- ✓ Innovation projects
- ✓ Living labs
- ✓ Hackathons and boot camps
- ✓ Writing for success workshop

Defining challenges and  
Sharing best practice

## City Club

- ✓ Platform, test beds, living labs
- ✓ Gaining critical mass
- ✓ Facilitating access to data

Creating business out  
of innovations

## Business Creation

- ✓ Accelerator programme
- ✓ Finance2move
- ✓ GoGlobal
- ✓ Scale-up Hub

Closing the knowledge  
gap

## Academy

- ✓ Master School
- ✓ Doctoral Training Network
- ✓ Competence Hub

Leveraging solutions  
globally

## Factory

- ✓ Scaling solutions
- ✓ Throughout leadership studies
- ✓ Urban Mobility Assessment Model
- ✓ Matchmaking

# One of Our Success Stories -

**Axilion Smart Mobility**

**ELEVATOR PITCH**  
Axilion is a leading AI company building city-wide Mobility Digital Twins

**COUNTRY**  
Israel

**INNOVATION HUB**  
East

**CATEGORY**  
AI Smart Cities

**WEBSITE**  
<https://axilion.com/>
