For the definition of SMEs, look at: http://ec.europa.eu/growth/smes/business-friendly-environment/sme-definition_en

Short introduction of key areas of institute's research:

Eurotranslate specializes in medical and scientific translation, with over 18 years of experience supporting clinical trials, regulatory submissions, and medical device documentation. Our team includes native-speaking linguists and healthcare professionals with expertise in therapeutic areas such as oncology, cardiology, neurology, and infectious diseases. We provide multilingual communication support for EU projects, including translation of informed consent forms, patient materials, technical manuals, and scientific publications.

Former participation in an FP European project?

Project title / Acronym:

Activities performed:

Expertise / Commitment offered

Description of your expertise:

Eurotranslate is a Serbia-based translation agency with 18+ years of experience in specialized medical and pharmaceutical translation. We support clinical research organizations, pharmaceutical companies, and medical device manufacturers with high-quality translations of clinical trial documentation, regulatory submissions, patient-facing materials, and scientific publications. Our team includes certified medical doctors, pharmacists, and native linguists, ensuring accuracy, compliance, and clarity across all EU languages. We are experienced in multilingual support

for EU-funded research projects and cross-border health initiatives.

Keywords specifying your expertise:

medical translation, clinical trials, regulatory translation, EMA compliance, patient information leaflets, informed consent forms, multilingual communication, scientific publications, localization, life sciences, CRO support, pharmacovigilance, clinical protocols, medical devices, biotechnology, public health, medical writing, health communication, EU-funded projects, EU languages, health research dissemination, ISO-certified translation, translation quality assurance, linguist team with medical background, multilingual DTP, eCOA translation, investigator brochures, plain language summaries

Commitment offered:

☐ Research ☐ Demonstration ☐ Training
☐ Technology ☐ Dissemination ☒ Other: Medical translation services

Interested in participation in project types:

☒ Research & Innovation Action ☒ Innovation Action ☐ EIC Pathfinder

Work Programme research areas: indicate your interest

Call topic(s):

HORIZON-HLTH-2025-01-DISEASE-04: Leveraging artificial intelligence for pandemic preparedness and response
HORIZON-HLTH-2025-01-IND-02: Digitalisation of conformity assessment procedures of medical devices and in vitro diagnostic medical devices

Do you have other partners for this topic (which partners/country)?

Yes. While we have not yet participated in Horizon Europe projects, we regularly collaborate with clients in Switzerland, Germany, Hungary, Slovenia, and Austria, including CROs, pharmaceutical companies, and medical device manufacturers. We are open to joining consortia as a reliable partner for multilingual communication, translation of regulatory and clinical documentation, and patient-facing materials.

Profile of partner sought

Role
