**SME Self-assessment**

What is an SME? Small and medium-sized enterprises (SMEs) are defined by the following criteria:

- [EU recommendation 2003/361](#) (ES, DA, DE, EL, EN, FR, IT, N)
- [Document 32003H0361R\(03\)](#) (BG, CS, ET, GA, HR, LV, LT, HU)

The main factors determining whether an enterprise is an SME are:

1. staff headcount
2. either turnover or balance sheet total

Company category	Staff headcount	Turnover	OR	Balance sheet total
Medium-size	< 250	≤ € 50 m		≤ € 43 m
Small	< 50	≤ € 10 m		≤ € 10 m
Micro	< 10	≤ € 2 m		≤ € 2 m

These ceilings apply to the figures for individual firms only. A firm that is part of a larger group may need to include staff headcount/turnover/balance sheet data from that group too.

To benefit from size-related benefits, companies may need to provide evidence of their SME status.

If this is the case for your company, you will find help on the following pages:

## EU programmes

O finanční prostředky EU mohou požádat všichni občané EU. EU má několik různých programů financování, o které můžete požádat v závislosti na povaze vašeho podnikání nebo projektu. Možnosti financování jsou rovněž k dispozici prostřednictvím programů, které budou prováděny přímo členskými státy, jako je Nástroj pro oživení a odolnost nebo Fond pro spravedlivou transformaci. Před podáním žádosti o financování se vždy podívejte do pokynů k výzvě, abyste zjistili, zda jste způsobilí.

### Objective

Eurocities is committed to reinforcing social Europe and strengthen cities capacity to support the future implementation of new EU social policy initiatives under the action plan of the European Pillar of Social Rights. We engage cities in the EPSR implementation through a work programme for capacity building, mutual learning and data gathering that leads to concrete policy change at local level. Through this work, cities can deliver EU social policy objectives at local level and help mitigate the socio-economic consequences of the pandemic crisis as well as dealing with the socio-economic impact of the war in Ukraine on the most vulnerable people – rising inflation energy and food prices. Cities are at the forefront of driving a fair and inclusive recovery, making a tangible difference for the lives of over 36 million Europeans.

## Calls for proposals

Calls for proposals are funding opportunities issued by the European Union institutions, agencies and bodies. These are direct financial contributions, known as grants, that are awarded to third-party beneficiaries (e.g., research organisations, public entities, non-governmental organisations, and private companies) to engage in activities that serve EU policies.
