

## “SPIN: RISE 2026” WEBINAR

**7 JULY 2026, 11:00-12:00 CEST (VIA TEAMS)**

Within the framework of the EIT national contact points project (NCP4EIT), a **series of webinars “Researchers and innovators in EIT and the KICs”** are being organised. The main aim of this activity is to raise awareness among research organisations of the various EIT KICs opportunities across all areas of the knowledge triangle and increase the number of successful applicants. The target group of these events are the researchers and innovators, with a special focus on early-stage researchers.

**During the 2<sup>nd</sup> webinar, the participants will learn more about the SPIN: Rise 2026 programme of 28DIGITAL (former ET DIGITAL) offering four distinct tracks, each centred on a key industry-driven innovation domain and delivered by a leading 28DIGITAL partner with deep expertise in the field. Find the track that best aligns with your research and aspirations and join a dynamic community of researchers working to turn scientific breakthroughs into real-world impact. In total, 100 places are available (25 in each track - Green Tech, Health Tech, Aerospace and Robotics, and Dual Tech Use).**
