Organisation type

Research organisation type	☐ Research Organisation ☐ University ☐ Company ☒ Other: non-profit umbrella NGO	Is your company a Small and Medium Sized Enterprise (SME*)? Number of employees: 1	☐ YES ☒ NO
-----------------------------------	---	---	---

Your enterprise is an SME if:

- it is engaged in **economic activity**
- it has **less than 250 employees**
- it has either an **annual turnover not exceeding €50M**, or an **balance sheet total not exceeding €43M**
- it is **autonomous**

For the definition of SMEs, look at: http://ec.europa.eu/growth/smes/business-friendly-environment/sme-definition_en

Short introduction of key areas of institute's research:

Slovenia's national umbrella organisation for 16 NGOs working across harm reduction, prevention, treatment, rehabilitation, outreach, peer support, housing and social inclusion. The Alliance connects specialised NGOs, researchers, policymakers and people with lived experience. Its work includes participatory and qualitative research, stakeholder coordination, capacity building, policy advocacy, and the translation of evidence and practice-based knowledge into policy and service development.

Former participation in an FP European project?
☐ YES ☒ NO
Project title / Acronym:**Activities performed:**

The Alliance has not participated directly in an EU Framework Programme project. Several member organisations have experience in EU-funded projects and may contribute to project activities, depending on the consortium structure (Example: Understanding the dynamics and consequences of New Psychoactive Substances use in a rapidly changing (online) drug market).

Expertise / Commitment offered**Description of your expertise:**

Offering expertise as a project partner; not seeking coordination. The Alliance offers access to a national network of 16 specialised NGOs and to people with lived experience of addiction, mental-health difficulties, homelessness and social exclusion. We can contribute qualitative and

participatory research, needs assessment, co-design, stakeholder consultation, cross-sector coordination, dissemination and policy translation. Relevant to this topic, we are particularly interested in the intersections between long-term mental or psychosocial disability, substance use and addiction, housing instability and social exclusion; barriers to rehabilitation, person-centred community support and independent living; and the perspectives of people using health and social services. We can facilitate meaningful participation of affected communities and connect research teams with specialised NGOs, practitioners and national decision-makers.

Keywords specifying your expertise:

psychosocial disability; addiction; independent living; person-centred care; community-based services; rehabilitation; lived experience; participatory research; social inclusion; service integration

Commitment offered:

☒ Research
 ☐ Demonstration
 ☒ Training
☐ Technology
 ☒ Dissemination
 ☒ Other: stakeholder engagement, co-design and lived-experience involvement

Interested in participation in project types:

☒ Research & Innovation Action	☐ Innovation Action	☐ SME Instrument
--	--	---

Work Programme research areas: indicate your interest

Access to habilitation and rehabilitation services, including psychological rehabilitation; prevention of disabilities and loss of autonomy through the life-course, particularly in relation to drug use, alcohol use, psychiatric conditions, loneliness and social isolation; transition from institutions to community living and community-based support services; innovative person-centred and accessible social and healthcare services supporting independent living and inclusion.

Call topic(s):

HORIZON-HLTH-2027-01-STAYHLTH-01 – Addressing disabilities through the life course to support independent living and inclusion.

Do you have other partners for this topic (which partners/country)?

No consortium is confirmed. Relevant Alliance member organisations may be involved depending on the project design, target groups and required expertise, including:

- Društvo UP – <https://www.drustvo-up.si>
- DrogArt – <https://www.drogart.org>
- Društvo Projekt Človek – <https://www.projektclovek.si>
- Stigma – <https://www.drustvo-stigma.si>
- Šent – <https://www.sent.si>
- Kralji ulice – <https://www.kraljiulice.org>
- Svit Koper – <https://www.svit-kp.org>

Profile of partner sought

Role

☐ technology development	☒ research	☒ training
---	--	--

	☒ dissemination	☒ demonstration	☒ other coordination
Country /region	All eligible countries; no specific preference.		
Expertise required	Experienced Horizon Europe coordinator or established multidisciplinary consortium. We are particularly interested in consortia combining disability and independent-living organisations, universities and research institutes, health and social-care or rehabilitation providers, and relevant public authorities.		

I agree with the publication of my contact data: ☒ YES ☐ NO
