Data Cube and Copernicus data for Food Security and European Independence

NOSTRADAMUS Open Call #1

Supporting innovative **open-source digital applications** for farm decision-making, sustainable agricultural production, and food security across Europe.

We invite European innovators working on **edge, cloud, or mixed architectures**, with a focus on **cereal-based agricultural systems and food security**.

1. WHO CAN APPLY

SMEs, start-ups, small mid-caps, research and technology organisations, academia, and sectoral or end-user representative organisations.

2. WHAT THE CALL SUPPORTS

Innovative open-source digital apps for farm decision-making, sustainable agriculture and food security. Solutions should target cereal-based systems and food security. Projects can be built on edge, cloud, or mixed architectures.

3. FUNDING & PROGRAMME

- Up to €50,000 per project
- Lump sum funding
- Linked to four programme sprints
- Five projects will be selected

4. TIMELINE

- Call opens: 29 September 2026
- Call closes: 2 December 2026 at 17:00 CET
- Programme duration: 12 months

5. APPLICATION NOTES

- Applications may be submitted by a single legal entity or a consortium of up to two legal entities.
- Submit a complete application including the Technical Proposal and all requested supporting documents.
